PLANNING

139/19 Submitted Planning Application. The Council RESOLVED to submit the following observation:

i	P19/V1583/HH amended details	3 Priory Mead, Longcot, Oxon SN7 7TJ <i>Proposed rear and side single-storey extensions.</i> This application was looked at prior to the meeting due to time constraints and the following comments were submitted to VWHDC. Objects. Although Longcot PC are very grateful for the extra work that has been done on the application – we are not sure about the discharge of the water proposal around the side “assumed route” and refer to note 3 that suggests verification of the existing drainage to be undertaken prior to construction. Council would have liked this to have been done so that we are working with the facts which makes for better planning. How does the existing water drain to the north of the property connect? The levels are not clear nor the connection detail. Because of this we will have to object.
